

Welcome to ELT Ireland Professional Participation Pathway!

The Professional Participation Pathway (PPP) provides institutions with a clear, sector-recognised framework to showcase their commitment to supporting teacher development.

By engaging in the PPP, schools can demonstrate compliance with QQI's TrustEd and other accreditation schemes' requirements, evidencing CPD while also motivating staff through visible recognition of their own professional development.

In a very competitive environment, institutional awards strengthen a school's reputation as quality providers with focus on collaboration, and professional excellence, giving prospective students and staff confidence that high standards are consistently sustained.

In celebrating our professionals and schools in Ireland each year in this way, ELT Ireland aims to contribute to establishing Ireland as the destination for international language education.
